

## CEMS Club Vienna

All CEMS students and alumni would agree that one of the most distinctive features of CEMS is the exceptional network and community feeling which they themselves define as “the CEMS spirit”. This spirit is a mix of curiosity, passion for international experience and an awareness of and tolerance for cross-cultural differences. It is built on the sense of pride in being part of the most advanced international learning experience in European higher business education. CEMS students are involved in very active programs at each school organized by the “CEMS Club” on each campus. The clubs ensure that the program is also a personal and cultural learning experience for all students.
