Contact to institutions and counselling centers?

Grätzeleltern

ENGLISCH

“Grätzeleltern” support you to find the right answers to your questions!

“Grätzeleltern” are volunteers working in all districts of Vienna.

They visit you at home to give advice on several topics free of charge and – if possible – in your language. They share their knowledge and experience with you and will help you to find the suitable administrative offices or counseling centers for your issues to improve your living conditions.

Please contact us, the “Grätzeleltern” are happy to visit you at home!
