Notice regarding photography

We document this event by taking photos. The photos are published primarily in our print media, on the WU website, and on WU’s social media channels, as part of our university’s public relations activities.

We assume that by participating in this event, you agree to being photographed and you agree to the publication of any photographs made at the event. If you do not wish to be photographed, please notify our photographers and the registration desk. Of course, you can also object to the publication of any photographs of you after the event. In that case, please contact WU’s Department of Economics.
The Austrian Economic Association (NOeG) thanks the City of Vienna (Stadt Wien), the Austrian National Bank (Oesterreichischen Nationalbank) and the University of Economics and Business (WU Wien) for the generous support!

Welcome

The Scientific and Local Organizing Committee warmly welcomes you to the 2020 Annual Meeting of the Austrian Economic Association (NOeG) at WU (Vienna University of Economics and Business). This year’s general topic is

**Evidence-Based Economic Policy Making**

The increasing availability of high-quality (administrative) data for economic research has triggered a shift in the way economists approach questions on the impacts of economic policies and led to substantial advances in the methodological toolbox for identifying causal effects of economic policies in all virtually all sub-disciplines of economics. The annual conference of the Austrian Economic Association aims at discussing recent results and new findings on the effects of economic policies putting a specific but not exclusive focus on Austria. Furthermore, the conference also provides a forum for a discussion on how empirical evidence can better and more effectively inform actual economic policy making.

We are proud to have attracted Dina Pomeranz (University of Zurich) on Monday, 24th February and Martin Halla (University of Linz) on Tuesday, 25th February as speakers for the two keynote lectures. On Monday 24th, we will also have a panel discussion on „Evidence-Based Policy Making” with prominent panelist including the governor of the Austrian National Bank Robert Holzmann, Dina Pomeranz and Klemens Himpele (City of Vienna). The program includes more than 100 papers on all topics in economics. Our special thanks goes to the members of the programme committee who helped with the selection process.
We would like to thank the NOeG, the WU and its Department of Economics for their financial and organizational support, and we gratefully acknowledge the donations by our sponsors. Last but not least, many thanks to all of you for sharing your academic research with us, and for participating in the scientific discussion of an exciting and controversial topic. We are delighted to have you as guests and hope that you will enjoy the conference and your time in Vienna.

All the best,
Jesus Crespo, Harald Oberhofer and Rupert Sausgruber –
Scientific and Local Organizing Committee

Keynote Speakers

Dina D. Pomeranz
(University of Zurich)

Martin Halla
(University of Linz)

**Dina Pomeranz's** research focuses on public policies in developing countries, in particular in the areas of taxation and public procurement. She aims to contribute to the movement towards more evidence-based policy making, both in developing and economically more developed countries. Prior to joining the University of Zurich, she was an assistant professor at Harvard Business School, where she taught entrepreneurship for MBA students, and a Post-Doctoral Fellow at MIT's Poverty Action Lab. She is an affiliate professor at the Abdul Latif Jameel Poverty Action Lab (J-PAL), the Bureau for Research and Economic Analysis of Development (BREAD) and the Center for Economic Policy Research (CEPR), a non-resident fellow at the Center for Global Development (CGD) and a member of the International Growth Centre (IGC). In 2018, she was elected to the Council of the European Economic Association for a 5-year term.

Her work has been published in academic journals including the American Economic Review, the American Economic Journal: Applied Economics, and the Journal of Economic Development. In 2017, she was awarded one of the prestigious grants from the European Research Council (ERC) for her research on tax evasion and the role of firm networks. Besides her academic interests, Professor Pomeranz also serves on the board or advisory board of a number of social enterprise ventures committed to translating research into practice, including Evidence Action, Policy Analytics, TamTam-Together Against Malaria and IDinsight.

**Keynote Lecture 1:** Monday, 24th February, 2020, 11:30am - 1:00pm, Location: **LC.0.100 Ceremonial Hall 1** Chair: Jesus Crespo Cuaresma

**Dina Pomeranz:** "Raising Money for the State: Challenges of Taxation in Developing Countries"
Martin Halla is an applied microeconometrician with main research interests in family, labor and health. He is also interested in different aspects of political economy and works periodically on tax evasion. Recently he has found interest in using historical data from the Austro-Hungarian Empire. His current affiliations are:

- Professor of Economics at the Johannes Kepler University Linz (JKU) in Austria
- Research Fellow at the Institute for the Study of Labor (IZA) in Bonn (Germany)
- Permanent Scientific Consultant at the Austrian Public Health Institute (GÖG)

His work has been published in academic journals including the Journal of Health Economics, the American Economic Journal: Applied Economics, the Scandinavian Journal of Economics and the Journal of the European Economic Association.

**Keynote Lecture 2**: Tuesday, 25th February, 2020, 11:30am - 1:00pm, Location: LC 0.100 Ceremonial Hall 1 Chair: Rupert Sausgruber

**Martin Halla**: "How Did Administrative Data Change Economic Research Output — A Descriptive Analysis"

**Panelists**

**Dina D. Pomeranz**
(University of Zurich)

see above

**Robert Holzmann**
(governor of Austria’s central bank
Oesterreichische Nationalbank)

Panelists

**Klemens Himpele**
(Head of Municipal Department 23
Economic Affairs, Labour and Statistics)

Klemens Himpele studied Economics at the University of Cologne. Since 2012 he is head of the City of Vienna's Department of Economic Affairs, Labour and Statistics. Before joining the City of Vienna Klemens worked in the Directorate “Social Statistics” of Statistics Austria.

Panel Discussion: Evidence-Based Policy Making (in cooperation with the City of Vienna)
Monday, 24<sup>th</sup> February, 2020, 5:15 pm – 7:00 pm, Location: LC.0.100 Ceremonial Hall 1
Chair: Harald Oberhofer
Young Economist Award

The Austrian Economic Association awards prizes for outstanding papers of economists of age 35 or less. The prizes are sponsored by Austria's central bank: the Oesterreichische Nationalbank (OeNB). The organizers of the annual conference have the right to make proposals. The decision of the awards will be made by the NOeG Board. The NOeG Award is endowed with 750 euros per paper.

Conference Special Issue

After rigorous peer-review presented papers may be published in a special conference issue of *Empirica: Journal of European Economics*. The submission deadline for the special issue is May 31st, 2020. Papers need to be submitted through the online submission system of Empirica which can be accessed via https://www.editorialmanager.com/empi/default.aspx. In order to be considered for the special issue, please select “S.I.: NOeG-2020” in the online submission system of the journal.

NOeG

The Nationalökonomische Gesellschaft (NOeG), that is the Austrian Economic Association, proudly looks back in history, as two prominent economists were among the founders on March 29, 1918. These outstanding persons were Joseph Alois Schumpeter (1883-1950) and Ludwig Heinrich von Mises (1881-1973). The Austrian Economic Association strives for enhancing applied economics and theoretical economic policy, particularly in putting emphasis on the institutional aspects of the economy and European Economics. This character of the Austrian Economic Association’s work is reflected by its journal “Empirica”. In 1978, the Austrian Economic Association resumed its tradition to hold an annual conference. By turns, the annual meeting is presently organised in Vienna and at some university in the other federal provinces.
