## Excellence in the Spotlight

---

Hohe Qualität in Lehre und Forschung ist uns wichtig. Die Akkreditierungen bei EQUIS, AACSB und AMBA sowie die hervorragenden Platzierungen in Rankings zeigen, dass wir ausgezeichnete Arbeit leisten. Bei der Verleihung der WU Awards holen wir Lehrende und Forschende vor den Vorhang, die im vergangenen Jahr mit ihrer Arbeit dazu beigetragen haben, die Exzellenz der WU zu stärken und Lösungen für ökonomische und gesellschaftspolitische Herausforderungen zu finden.

Die Lehrenden der WU unterrichten mit Begeisterung, profunder Sachkenntnis und didaktischer Brillanz. Der Award für „Exzellente Lehre“ zeigt, dass die Studierenden das wertschätzen – jedes Jahr nominieren rund 3.000 Studierende Lehrende, die sie besonders inspiriert haben, für diesen Preis.

Unsere Lehrenden sind nicht nur höchst engagiert, sie entwickeln auch neue und innovative Lehrformate. Damit schaffen sie ein angenehmes Lernklima und erleichtern es den Studierenden, die Inhalte zu verstehen. Für besonders kreative Lehrveranstaltungen verleihen wir den Preis „Innovative Lehre“.

Bereits seit über 120 Jahren ist Forschung ein integraler Teil des Selbstverständnisses der WU. Unsere Wissenschaftler\*innen widmen sich ökonomischen, sozio-ökonomischen, juristischen, ökologischen und gesellschaftspolitischen Fragestellungen. Herausragende Veröffentlichungen belohnen wir gemeinsam mit der Stadt Wien mit dem „WU Best Paper Award der Stadt Wien“. Vom hohen Niveau der Arbeiten unserer Forscher\*innen zeugen regelmäßige Publikationen in hochkarätigen Journals. Wir freuen uns, den Autor\*innen eine Prämie für ihre Spitzenleistungen überreichen zu können.

Die Bachelor- und Masterarbeiten der WU Studierenden sind von hoher Qualität und zeigen, dass es an der WU viele wissenschaftliche Talente gibt. Gemeinsam mit der Stadt Wien zeichnen wir jedes Jahr die drei besten Bachelor- und Masterarbeiten mit der „Talenta“ aus.

Die WU gratuliert allen Preisträger\*innen und wünscht ihnen auf ihrer weiteren Laufbahn in Lehre und Forschung viel Erfolg.

Offering top-quality teaching and research is very important to us. Our EQUIS, AACSB, and AMBA accreditations and excellent results in international rankings confirm the high standards of our work. At the WU Awards, we put the spotlight on teachers and researchers whose achievements during the past year helped strengthen WU's reputation for excellence and develop solutions to current economic and social challenges.

In their teaching, WU's faculty members are driven by passion, demonstrate profound expertise, and employ cutting-edge didactic concepts. The WU Excellent Teaching Awards show that our students appreciate our faculty's high-quality teaching. Every year, some 3,000 students participate and nominate teachers they found particularly inspiring for this award.

Our teachers not only have high levels of commitment and dedication, they are also constantly developing new and innovative teaching formats, working to provide a productive learning environment, and helping students develop a profound understanding of the materials taught. We honor particularly creative course designs with the Innovative Teaching Award.

For 100 years now, research has been an integral part of WU's mission. Our researchers investigate important economic, social, legal, and ecological issues. They regularly publish their research results in leading journals, demonstrating the consistently high quality of their work. We are proud to honor our researchers' outstanding achievements with special bonuses.

WU's students also produce high-quality work in their bachelor's and master's theses. Together with the City of Vienna, we present the annual Talenta Awards to the authors of the best three bachelor's and master's theses of the year.

WU congratulates all award winners on their achievements and wishes them all the best for their future teaching and research activities.
