

Project Collaboration

The Institute for Organization Design and its team of experts are here to advance your journey into the future of work!

**In the future of work,
organizational design must be as
adaptable and resilient as the people
within it.**

**Your project collaboration with the
Institute for Organization Design provides a
unique opportunity to engage with
talented, forward-thinking students
on an important topic of your choice!**

Your Benefits

Elevate Your Talent Pool and Connect with 30 Outstanding Strategy Students Poised for Graduation

Innovative Perspectives Providing Unbiased and Fresh Recommendations

Your Financial Contribution Supports the Hands-On Education of the Students

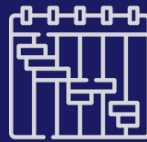

Join the Institute Network at WU with Further Collaboration Possibilities (Events, Projects, & More)

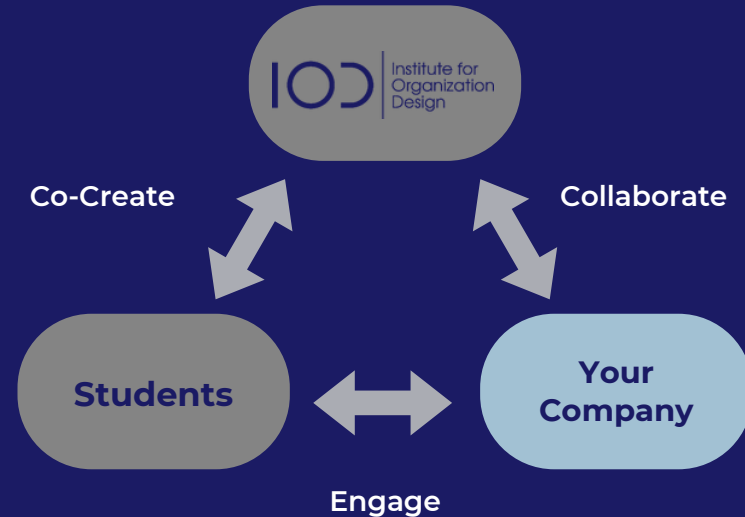

Single Project

Work with our students over 4 months, starting in either March or October

Multiple Projects

Engage in a multi-modal collaboration with the IOD!

We'll co-create a project that targets the unique needs of your company!

Project Overview

Student teams work on a project question of your choice targeting your current challenges

The IOD accompanies the project team from the planning phase to the final presentation

The results are shared in an interim and final presentation over the project timeline

The students of the project course are handpicked by the IOD and belong to the best

Previous Project Topics

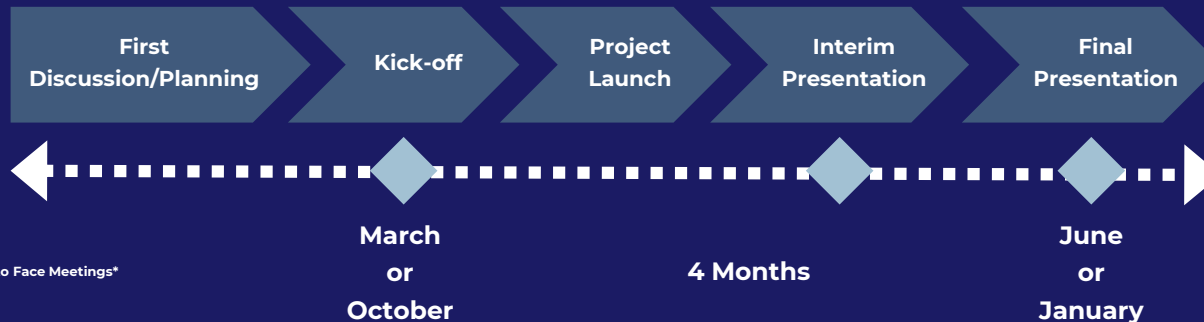

Agility
Cultural Change
Strategic Flexibility

Expected Outcomes

Practitioner oriented
best practices that
result from extensive
student research

Partner Perspectives

Norbert Haslacher
CEO, Frequentis

„There are three reasons we should listen to our next generation of business leaders: they bring new ideas, they are on top of newest research developments, and most of all they help us to think outside the box.

I therefore want to mention how much we appreciate working together with talented students from the Institute for Organization Design...led by Prof. Dr. Patricia Klarner. We gained a lot of interesting insights and new ideas from our successful cooperation!"

Andreas Brandstetter
CEO, Uniqqa

„Als langjähriger Kooperationspartner schätzen wir die Zusammenarbeit mit dem Institut für Organization Design unter Leitung von Prof. Dr. Patricia Klarner sehr.

Diese Zusammenarbeit hat nicht nur wertvolle Einblicke in strategische und organisationale Herausforderungen gebracht, sondern ermöglichte uns auch, talentierte neue MitarbeiterInnen für unser Unternehmen zu gewinnen!"

Our Team

With extensive teaching and research prowess while hailing from diverse backgrounds encompassing academia, corporate, and start-up realms, our team brings a wealth of experience to the table.
