

Public Money for Public Good

What You'll Take Away:

- ✓ Feel empowered to counter the common narrative that governments cannot afford to solve our most pressing challenges - from climate change & inequality to crises in health, care, & housing.
- ✓ Dig into how national public spending within the EU works, & the role of the European Central Bank.
- ✓ Understand what really causes inflation, & how we can address it equitably.
- ✓ Connect with like-minded people from varied backgrounds & strategise about what we can do to make public money work for the public good!

Hosted by

Supported by ISSET
