

Call for a 3-student Group Supervision of Bachelor's dissertations

Social-ecological transformation, Fridays for Future and strategies beyond growth (degrowth)

Supervisor: Dr. Viviana Asara, Institute for Multi-Level Governance and Development

This is a call for supervising a group of three students for their dissertations on the topic of social-ecological transformation, degrowth and Fridays for Future (planned date of dissertation completion: end of summer 2021). Students should send a short research proposal (1-3 pages) to viviana.asara@wu.ac.at by 15 February 2021, specifying their tentative research topic, research question(s), theoretical framework and methodology. A joint meeting will be organized in the end of February to discuss the research proposals and the following steps.
