MANUFACTURING DAY — 1 June 2023

**GERD
LEONHARD**

**MARIANA
MAZZUCATO**

EIT Manufacturing kindly invites you to the

Manufacturing Day 2023 with **Mariana Mazzucato & Gerd Leonhard**

1 June 2023 | 13:00 - 18:00 CEST | Vienna

The Manufacturing Day is the leading event during ViennaUP'23 to bring together start-ups, key industrial players, investors, and experts in global manufacturing. This year's theme „Green is the new black - From Smokestacks to Sustainability“ focuses on the industry's transition towards environmentally-friendly and sustainable manufacturing practices.

Opening keynote speech: Gerd Leonhard on the topic „The next 10 years - and what it all means for Manufacturing and Sustainability“.

Panel Discussion: „**Greenovation - Manufacturing the Day after Tomorrow**“

Mariana Mazzucato will deliver a keynote speech on „The role of innovation in the green transformation of the manufacturing industry“, as well as participate in the panel discussion with other leading industry experts, followed by a Q&A session!

What's more on the programme?

- BoostUp! East 2023: Live pitching of high-tech manufacturing start-ups
 - 1:1 meetings & networking
 - BBQ & Cocktails

Join us on 1 June 2023 in Vienna and become part of the largest innovation network for manufacturing in Europe!
