Tilburg University,
May 24 – 26, 2018, Tilburg, the Netherlands

The European Tax College of the Fiscal Institute Tilburg (Tilburg University) and the Institute for Austrian and International Tax Law WU (Vienna University of Economics and Business) are proud to invite you to the Conference **TAX TREATY CASE LAW AROUND THE GLOBE 2018**.

Our Conference aims at presenting and discussing the most interesting Tax Treaty Cases which had been decided in 2017 all over the world. We are grateful that outstanding experts of more than 22 jurisdictions coming from five continents agreed to present the most relevant decisions taken in their countries. The conference covers 34 tax treaty cases. The main topics we identified have been clustered into seven "baskets" which will be dealt with in our seven conference sessions:

- Session 1: Scope, interpretation, tax treaty abuse and residence
- Session 2: Permanent establishment
- Session 3: Business profits and capital gains
- Session 4: Labour income, pensions, sportsmen, students and other payments
- Session 5: Royalties
- Session 6: Relief from double taxation-LOB and subject-to-tax requirement
- Session 7: Non-discrimination, exchange of information and MAP

In each session of the Conference, Tax Treaty Cases will be presented and subsequently analyzed in a critical discussion. This discussion includes the possible impact of the cases on the interpretation and application of tax treaties in other countries. Participants are invited to actively join the discussions. Please, see for further details the program.

The scientific results of the conference will be published in a book.

The Conference starts on Thursday May 24, 2018 at 18.00 with the Conference Opening and Cocktail.
