

## 3 month Summer Fellowships for PhD students at the International Institute for Applied Systems Analysis (IIASA) in Laxenburg, Austria

Every summer from 1 June to 31 August, the International Institute for Applied Systems Analysis (IIASA) hosts up to 50 doctoral students from around the world in its Young Scientists Summer Program (YSSP).

**Application Deadline: January 11, 2019**

### What is IIASA?

The International Institute for Applied Systems Analysis (IIASA) is an international scientific institute that conducts research into the critical issues of global environmental, economic, technological, and social change that we face in the twenty-first century. Our findings provide valuable options to policymakers to shape the future of our changing world. IIASA is independent and funded by prestigious research funding agencies in Africa, the Americas, Asia, Europe, and Oceania.

IIASA's research comes under the following programs:

- Air Quality and Greenhouse Gases
- Advanced Systems Analysis
- Ecosystem Services and Management
- Energy
- Evolution and Ecology
- Risk and Resilience
- Transitions to New Technologies
- Water
- World Population

IIASA's annual 3-month Young Scientists Summer Program (YSSP) offers research opportunities to talented young researchers whose interests correspond with the institute's ongoing research on issues of global environmental, economic, and social change. Each YSSP participant works on a topic related to his or her PhD thesis and to IIASA's own research agenda, the goal being to write a publishable paper. All YSSP participants are personally mentored by IIASA senior scientists.

### You should apply if:

- You are an advanced graduate student;
- Your field of study complements research at IIASA;
- You are interested in pursuing interdisciplinary research;
- Your research and career would benefit from working alongside 50 or so young scientists as well as senior scientists from around the world;
- You would like to explore the policy implications of your work.

Successful applicants from countries with an IIASA National Member Organization (NMO) are eligible for funding, and some fellowships are also available for students from non-NMO countries. To learn about funding in your country, contact your National Member Organization.
