

GUIDELINES for Proctors

Last update: 2024

1. Information for proctors

The following paragraphs contain important information on **your responsibilities as proctor** supervising exams during WU's centrally organized large-scale examination weeks.

- In your capacity as proctor, **you have the primary responsibility for the proper conduct of the (large-scale) exam** you are supervising. You will be assigned to a specific exam room by the exam coordinator for your subject. During the exam, you will be supported by tutors and, if necessary, by additional proctors (faculty members), depending on the size of the exam room.
- It is your responsibility to make sure that the required number of **exam papers** (including spare sheets and forms) is available in the exam room in time for the examination.
- You should be present at the **exam location** no later than 15 minutes before the start of the examination time slot to make sure you have enough time to complete all the necessary preparations together with the tutors.
- The tutors are responsible for handing out the exam papers and collecting them after the exam and for verifying the identity of the students taking the exam. The **tutors will also support you** in supervising and monitoring the exam.
- As proctor, you are the **only person authorized to answer any questions** the participants may ask **regarding the academic content** of the exam. Without any exceptions, the tutors are not authorized to answer academic, content-related questions.
- Before the exam begins, please make absolutely sure you read the **standardized announcements** (see below) out aloud to all exam participants. By reading these texts out loud, you ensure that WU is legally protected in the event of any contentious situations. If you are supervising an exam in a large exam room, you can request microphones from IT-SERVICES or use the public address systems that are installed in the auditoriums.
- Before the start of the exam, please inform the participants about any **authorized aids** that are permitted for the exam (if there are any) to avoid disturbances during the exam.
- The **exam time cannot be extended** beyond the allotted time slot. Please keep in mind that other exams are scheduled immediately after yours.
- If you have any **further questions**, please don't hesitate to contact the **Examinations Office team**: Markus Raferzeder, ext. 4027 or 0676/4144978 or Christof Damböck, ext. 4894 or 0676/82134894 or by email to pruefungswochen@wu.ac.at.
