

## **Independent Requirement / Sales Planning**

Source: [Sche98, p. 91], adapted by Farid El Masri, adjusted by Gerhard Pokorny

### **Transfer the following verbal description into an ERM:**

- a) The independent requirements plan relates to several items and is therefore defined as header information. Time (Req-Date) is part of this header. Organisational units (Org-ID), e.g. manufacturing department, determine the requirements plan.
- b) Materials (Mat-#) are assigned to the independent requirements plan as “Requirement Items”.

Organizational Unit

<u>Org-ID</u>	..

Time

<u>Req-Date</u>	..

Primary Requirements Plan

<u>Org-ID</u>	<u>Req-Date</u>	..

Material
