BACKGROUND

We are pleased to announce the 15th Workshop on European Financial Reporting, which will take place at the Vienna University of Economics and Business, Austria, on 29-30 August 2019. In continuation of the workshop's tradition, the 2019 version will offer parallel sessions that give sufficient room to present and discuss academic research papers. In addition, there will be plenary sessions on practical implications of current developments in financial reporting in Europe, involving speakers representing different perspectives.

TARGET AUDIENCE

The workshop offers an opportunity and venue for the meeting of academics and practitioners that are interested in recent developments and research projects regarding financial reporting in Europe, its regulation and harmonisation, as well as its process of change due to international developments. Young academics are specifically invited to participate and profit from the fruitful atmosphere of the EUFIN workshops. Topics of the papers may include, but are not restricted to, current accounting, governance and accountability issues with regard to the EU or particular European countries, economic and regulatory issues of international financial reporting and standard setting, auditing and enforcement.

CALL FOR PAPERS
